Date 25 Feb 80 Reviewer 018645

It is the intention of the Industrial College of the Armed Forces that lectures presented at the College, in addition to contributing to our primary mission of education, serve the best interests of the Government by being available to certain members of the Department of Defense and other government agencies. Visitors normally will be limited to officers of the rank of lieutenant colonel or commander and above, and to civilians holding the grade of GS-13 and above.

Persons desiring to attend should call the Executive Office, Executive 3-7700, extension 460 or 461, no later than the working day preceding the lecture. All visitors must have official identification in their possession at the time of attendance. In addition all visitors must bring, or send in advance, a letter or memorandum signed by an appropriate official of the agency they represent, stating that each visitor is authorized to attend and is cleared for access to TOP SECRET SECURITY INFORMATION. This letter will be retained on file by the College and may serve for security clearance at lectures throughout the 1952-1953 academic year. If there is some change in the security status of the individual, the College requests notification. Reservations must be made by telephone for each lecture. The making of notes or verbatim transcripts by visitors will not be authorized at lectures.

ALL VISITORS MUST BE PRESENT IN THE AUDITORIUM FIVE MINUTES PRIOR TO THE STARTING OF THE LECTURE. VISITORS WILL NOT BE ADMITTED AFTER THE LECTURE HAS COMMENCED.
